

IEEE Systems Council – Advisory Committee – 2019 Fall Meeting
Washington, DC, 30 Aug 2019

**Member Society Rep Report (2:15 agenda item) –
Product Safety Engineering Society, PSES – Tom Lanzisero**

Product Safety Engineering Society Functions:

- [2019 ISPCE](#), IEEE International Symposium on Product Compliance Engineering – successfully held on 6-8 May 2019, San Jose / Silicon Valley, CA
 - Tracks incl. Global Market Access & Regulations, Compliance Management; EMC & Wireless Compliance; Environmental & Energy Regulations; Batteries & Energy Storage Systems; Medical Devices; Compliance 101; Hazard Based Safety Engineering & Safety Science; Forensics, Failure & Risk Analysis, Assessment & Management; Legal, Regulations, Directives & Consumer Protection; Emerging Technologies & Innovations Live Demonstration of Sensors and Sensing Technologies; Global Hazardous Locations
 - (Served on Technical Program Committee; chaired tracks and reviewed papers / presentations in Hazard Based Safety Engineering, Safety Science & Research)
- [2019 SPCE](#), IEEE Symposium on Product Compliance Engineering – upcoming – to be held 11-12 Nov 2019, Austin, TX – similar tracks as ISPCE
 - See [CFP](#) (extended to 30 Aug)
- [2019 Safety Summit](#) – to be held 8 Oct 2019, San Diego, CA
- [2020 ISPCE](#) – to be held 12-14 May 2020, Chicago, IL
 - See [CFP](#)
- [2020 SPCE](#) – TBD

Thanks for posting our 2020 ISPCE on the Systems Council Conferences webpage. Please also post our upcoming [2019 Safety Summit](#) (8 Oct 2019, San Diego, CA) and [2019 SPCE](#) (11-12 Nov 2019, Austin, TX).

In addition, I've requested PSES to confirm their posting of the upcoming Systems Council conferences – SysCon 2020 and SSS 2020 – on the PSES website.
